

# TALON<sup>®</sup> robots

## TALON SWAT/MP

TALON's multi-mission family of robots now includes a robot specifically equipped for scenarios frequently encountered by police SWAT units and MPs in all branches of the military. TALON SWAT/MP can be configured with the following equipment:

- Multi-shot TASER<sup>™</sup> electronic control device with laser-dot aiming.
- Loudspeaker and audio receiver for negotiations.
- Night vision and thermal cameras.
- Choice of weapons for lethal or less-than-lethal responses
  - 40 mm grenade launcher - 2 rounds
  - 12-gage shotgun - 5 rounds
  - FN303 less-lethal launcher - 15 rounds.
